can settle all the global issues which stand as stumbling blocks on the way of permanent peace , prosperity and happiness in the entire world .

- **Reunification of India , Pakistan , Bangladesh , Afghanistan , Nepal , Bhutan , Tibet , Myanmar & Srilanka to create Akhanda Bharat & restore peaceful atmosphere in South Asian region .**

Welcome to Global Peace Foundation

Global Peace Foundation is a secular ,humanitarian , cosmopolitan and non-profit oriented unique organization formed and chaired by Dr. Raj Kishore Panda , the Chairman of the Foundation with the sole objective of achieving permanent peace , sustainable happiness and wide scale prosperity of the mankind as a whole . The search for permanent peace has been a constant effort of mankind from time immemorial but achievement of concrete peace has been always an illusion and a myth . The Global history of mankind speaks volumes of hatred, wars , devastations , deaths and destructions . At this terribly crucial juncture of mankind , Global Peace Foundation has come forward with the noble mission of forming a Global Government to achieve permanent Peace , all-round progress & prosperity with creation of conducive atmosphere of love , brotherhood and mutual co-existence with the weapon of non-violence , love , respect and understanding in the entire world. In this connection no single country or a group of countries or even UNO having no global administrative authority can be capable of solving the Global level disputed issues which are standing as strong barriers to bring Global peace , prosperity & happiness in the world.

Global Peace Foundation advocate the formation of a federal , democratic and secular Global Government through the participation of all countries of the world with cosmopolitan political authority having legislative , executive , judiciary and military jurisdiction acceptable to all . Creation of a conducive, healthy , fearless , atmosphere irrespective of caste , religion , language , political ideology transcending geographical boundaries is the fundamental moto of Global Peace Foundation .

At the conceptual level , Global Peace Foundation has initiated its action from its own soil for the creation of Akhand Bharat by reunification of India , Pakistan and Bangladesh along with Afghanistan , Nepal , Bhutan , Tibet , Myanmar and Srilanka which were once upon a time integral part of Akhand Bharat . Undoubtedly The geographical demarcation of British India was a historical blunder , a psychological horror and a growth barrier of the region but the unification of these countries will be a great surgical operation , we must be mentally ready to accept it sooner than expected . This is possible only when the fire of unification of countries and peaceful living atmosphere burns in every soul of the mankind .

Global Peace Foundation has taken its perceptual resolution of respecting the history of peace , the tradition of transparency , concept love and non-violence . Nothing is impossible in this World . Sincerity , efficiency and dedication makes every impossible thing possible .

FORMATION OF GLOBAL GOVERNMENT : **THE ONLY ANSWER TO GLOBAL PEACE**

PRESENT SCENERIO OF GLOBAL PEACE

The current socio-economic & political scenario of the entire world has been ravaged by

- Abuse of science and technology
- Fear of multifaceted terrorism
- Threat of possible nuclear war,
- Violation of human rights
- Pollution of global environment,
- Population explosion,
- Production of horrendous nuclear weapons for mass destruction ,
- Conflicts caused by caste - religions - languages & Political parties ,
- Miseries caused by increasing disparity between rich and poor ,
- Baneful effects of autocratic experiments in the space by the satellites . These factors have called upon the entire human society to search for perpetual and permanent peace, prosperity, justice and harmony in this chaotic world . The traditional concept of security through military defense is a total illusion both for the present and for the future . A conducive atmosphere of peace and stability needs to be created where the safety and prosperity of every human being should be the concern of all .

CREATION OF AKHAND ABHARAT

NEED OF THE HOUR

Peace and happiness are the basic needs of all human beings. Global Peace Foundation likes to preach & propagate the peace movement from its own land i.e. India by reunification of India , Pakistan , Bangladesh , Afghanistan , Nepal , Bhutan, Tibet , Myanmar & Srilanka which were , once upon a time , parts of one country i.e. **BHARAT**. How socioeconomically beneficial and politically significant it would have been , had all those countries were one country today .

1. During last more than **70** years of painful **separation** both **Indians** and **Pakistanis** have experienced horrendous experience like-

- ☐ **Tremendous loss of national growth due to unwanted increase of defence budget .**
- ☐ **Fear of unexpected terrorist attacks .**
- ☐ **Heavy concern over national security .**
- ☐ **Undue loss of innocent human lives .**
- ☐ **Threat of sudden war situation possibly nuclear war .**
- ☐ **Irreparable damage to the social , cultural, economic and brotherly relationship.**
- ☐ **Narrow outlook of the National Govts . of both the countries towards bringing Peace, Prosperity and Happiness.**

2. It is unfortunate that when there are number of bigger issues like **poverty , starvation , unemployment , illiteracy and major health issues** to be addressed, the Indians & Pakistanis are still caught up in the mess of **communalism, regionalism , religious ill feeling , intolerance & hatred** , instead of creating a suitable atmosphere of **friendship , co-operation and understanding** for the growth and prosperity of the two countries .

3. It is a matter of grave concern and misfortune that the Indians & Pakistanis have **not yet learnt the art of living together with mutual understanding and co- operation** thinking prospectively for **reunification of both the countries to bring peace , prosperity and happiness .**

THE HISTORY

During 1947, the **British rulers divided India** (The then **Bharat**) with **malafide intention** on the **plea of allowing independence** to the **people** of the land. It was **divided** into **two parts** on the **basis of religion** with **creation of predominately Hindu Union of India and Muslim Majority Dominion of Pakistan** without **taking opinions** of the **people** into **consideration**. That was the **greatest shock , surprise , emotional horror and disorientation** for the **innocent people of undivided India**.

Immediately after **partition**, both **India and Pakistan** maneuvered to take **occupation** of the **princely state of Jammu & Kashmir** for its **geo strategic political and military location** and **rich natural resources**. Since then **Kashmir** conflict has become a **burning issue** bone of contention and **erupting** into several **outright wars , threatening to escalate into Nuclear wars on provocation**.

But **Indians and Pakistanis** have **forgotten** that **once** they were the **inhabitants** of the **same soil** with **common culture , history , language , social background** and many **other aspects**.

Once upon a time the following countries were part of **Akhanda Bharat** .

- ☐ **Bhutan (independent on 17th Dec. 1907)**
 - ☐ **Tibet (independent on 13th Feb. 1913)**
 - ☐ **Afghanistan (indepdent on 19thAug. 1919)**
 - ☐ **Nepal (independent on 21st Dec 1923)**
 - ☐ **Pakistan (independent on 14th Aug. 1947)**
 - ☐ **India (independent on 15th Aug. 1947)**
 - ☐ **Myanmar (independent on 4th Jan. 1948)**
 - ☐ **Srilanka (independent on 4th Feb. 1948)**
 - ☐ **Bangladesh (indepdent on 26th Mar. 1971)**

INDO-PAK RELATIONSHIP

The inner motive of the people of both the countries is to **live in peace, harmony and mutual brotherhood** to avoid war situations and to bring strong ties of friendship.

The hidden love and hope for peace exists in the mind of every average Indians and Pakistanis. They have the **desire to cross the border** and exchange words of love with one another.

Inspite of their long separation the sweet memories of the past are still hunting in their minds with turbulent desire to embrace each other in every field.

The fake atmosphere of distance , hatred and barriers of suspicion ingrained in the minds of the common people , who are **faceless in crowds and voiceless in chorus** , are to be banished .

Indo-Pak conflicts have reached a never returning point due to the **challengingly critical situation** . At this situation the only way to save these countries from destruction is to proceed on the way of **reunification of India & Pakistan** , which were once upon a time one country. Afganistan , Nepal , Bhutan, Tibet , Myanmar , Srilanka & Bangladesh can be reunited in due course of time.

Indo-Pak unity is the first & foremost pillar for Indo-Pak prosperity and growth . Peace could be the only viable and permanent solution for the resolution, how grave it may be.

REUNIFICATION:

NOT AN ILLUSION BUT A REALITY

 - **Demand of Independence by some of the states**
 - **Economic shock due to natural calamities .**
 - **Fear of increasing terrorist activities.**
14. **Both India & Pakistan are equipped with Nuclear weapons (about 140 weapons in each side) and waiting for the exigent situation for its use .**
15. **Pakistan had lost four wars against India (1947, 1965, 1971 & 1999) but in subsequent wars neither of the two may submit to defeat War knows no Law . So Nuclear War is inevitable. The Nuclear war will severely devastate both the countries.**

Andorra, Costa Rica, Kiribati, Nauru, Samoa , Saint Vincent & Grenadines , Leichten-stein , Marshall Islands , Tuvalu , Dominica , Federal States of Micronesia , Vatican City , Grenada , Palau , Salomon Isand. Haiti , Ice Land , Mauritius , Monaco ,Panama , Vanuatu.
17. **The examples of Hiroshima & Nagasaki**
which were devastated by only two less powerful atom bombs on 6th & 9th of Aug, 1945 during World War - II, always reminds the people of the entire world to avoid Nuclear weapons.
18. **The greatest unification of North & South America as United States of America in 1783 ,**
The historic unification of multiple countries to form modern Italy in 1861,
The eye opener North & South Vietnams in 1975 , The exemplary unification of East German & West German in 1990 , The interesting reunification of North & South Yemen into Republic of Yemen .
The potential future unification agreement of North Korea & South Korea in 2000 and
